## **3. The lawful basis on which we use this information**

Our lawful basis for collecting and processing student / pupil information is defined under Article 6, and the following sub-paragraphs in the GDPR apply:

- (a) Data subject gives consent for one or more specific purposes.
- (c) Processing is necessary to comply with the legal obligations of the controller.
- (d) Processing is necessary to protect the vital interests of the data subject.
- (e) Processing is necessary for tasks in the public interest or exercise of authority vested in the controller (the provision of education).

Our lawful basis for collecting and processing student / pupil information is also further defined under Article 9, in that some of the information we process is deemed to be sensitive, or special, information and the following sub-paragraphs in the GDPR apply:

- (a) The data subject has given explicit consent.
- (b) It is necessary to fulfill the obligations of controller or of data subject.
- (c) It is necessary to protect the vital interests of the data subject.

A full breakdown of the information we collect on student / pupils can be obtained from the College Office.

Where we have obtained consent to use student / pupils' personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent, and explain how consent can be withdrawn.

Some of the reasons listed above for collecting and using student / pupils' personal data overlap, and there may be several grounds which justify our use of this data.

An example of how we use the information you provide is:

The submission of the College census returns, including a set of named student / pupil records, is a statutory requirement on Colleges under Section 537A of the Education Act 1996.

Putting the College census on a statutory basis:

- means that Colleges do not need to obtain parental or student / pupil consent to the provision of information

- ensures Colleges are protected from any legal challenge that they are breaching a duty of confidence to student / pupils
- helps to ensure that returns are completed by Colleges

#### **4. Collecting student / pupil information**

Whilst the majority of student / pupil information you provide to us is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the General Data Protection Regulation, we will inform you whether you are required to provide certain student / pupil information to us or if you have a choice in this. Where we have obtained consent to use student / pupils' personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent, and explain how consent can be withdrawn.

#### **5. Storing student / pupil data**

We hold student / pupil data whilst the child remains at the College. The file will follow the student / pupil when he / she leaves the College plus a further period of two academic years, although summary information may be held for historical purposes. However where there is a legal obligation to retain the information beyond that period (e.g. SEN information), it will be retained in line with our retention policy.

Please refer to our Data Storage and Retention Policy for further information (in the process of being update as at June 2018).

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

To be granted access to student / pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.
