

St Richard Reynolds Catholic Primary School EYFS

Expressive Arts and Design Skills and Knowledge Progression

Checkpoint 1- Autumn

Checkpoint 2-Spring

Checkpoint 3- Summer

Intent:

Our children will leave the Foundation Stage at St Richard Reynolds Primary School having had a wide variety of experiences within the Arts, where all their senses have been engaged and stimulated, and many other skills (such as language and team work) developed. At St Richard Reynolds Expressive Arts allows the children to revisit interested areas through many different media to gain multiple perspectives and a higher level of understanding. Due to our curriculum promoting and valuing creativity, originality, expressiveness and individuality, pupils are confident in sharing their own preferences and making choices about different ways they can express themselves.

Implementation:

Our topics, specialist lessons and learning environment give our children new, and varied experiences within the arts. They will have had ample opportunities to observe and experiment with different materials, tools, techniques, music and movements. For our pupils, emphasis is put on the process they go through rather than on the finished product. In creating, designing and making children have investigated and used a variety of materials and techniques and explored colour, line, shape, space, form, texture and pattern in two and three dimensions. They have developed their visual, spatial and tactile awareness and used marks, picture drawings, paintings and constructions to create products. Through music pupils' express feelings and emotions. They will have participated in playing instruments, using everyday objects to make music, singing, moving rhythmically and expressively to music, listened to music and created their own, often applying their ICT skills to enhance or record their work. Children are supported to develop their confidence and pride in their creative achievements. Direct adult-led activities such as dance, role-play, stories, art, ICT and music lessons, ignite children's creativity which they further explore through provision and child-led activities. We use practical activity, enquiry and purposeful play, with consolidation through practice, talk and reflection.

Impact:

We believe all children will reach the Early Learning Goals in EAD by the end of the Foundation Stage. Our teaching and provision allow pupils to explore and share their thoughts, ideas and feelings through a variety of art, design and technology, music, movement, dance, imaginative and role-play activities. Our pupils leave the Foundation Stage ready for the new knowledge and skills the National Curriculum has to offer in these areas.

Below shows the progression of skills that build towards the Expressive Art and Design Early Learning Goals.
