

Remote Education Provision Statement

January 2021

During a period of remote education, all students from EYFS to KS4 will experience live learning daily, and KS5 in line with their normal timetable. All students will access the same curriculum they do when educated in school. (See Curriculum Statement for details). We will emphasise the importance of wellbeing by ensuring that there is sufficient focus on time away from screens. This will take the form of a Wellbeing afternoon in the Primary School and “drop-down” days or afternoons in the High School

We expect that remote education will take pupils broadly the following number of hours each day*:

EYFS and Key Stage 1	Between 3 and 4 hours.
Key Stage 2	From 4 hours
Key Stage 3 and 4	5 hours
Key Stage 5	In line with their existing timetable.

*Please note homework will be set to support this learning.

Access will be given to pupils and students via a range of online platforms. Google Classroom will form the hub from which to access work and live learning will be on Zoom. We will also use many other platforms and packages in order to engage learners and ensure variety is maintained.

We recognise that some pupils may not have suitable online access at home and have close relationships with our student body and their parents and carers and therefore will provide Chromebooks and internet access as needed. Contact can be made via office@srrcc.org.uk or through a child’s class teacher (Primary) or tutor (Secondary) if situations change.

Additional support for pupils with particular needs

We recognise that some pupils, for example pupils with special educational needs and disabilities (SEND), may not be able to access remote education without support from adults at home. We acknowledge the difficulties this may place on families, and we will work with parents and carers to support those pupils by offering in school provision for all parents of children with EHCPs who want to access this provision. We are also continuing our 1:1 support, small group interventions and placing some LSAs in live classrooms with particular needs, focusing on Maths, English and Science. All students with additional needs will be in regular contact with a trusted adult in the school, in the first instance the class teacher or tutor.

Expectations for attending live learning or meetings for staff, students, parents and carers:

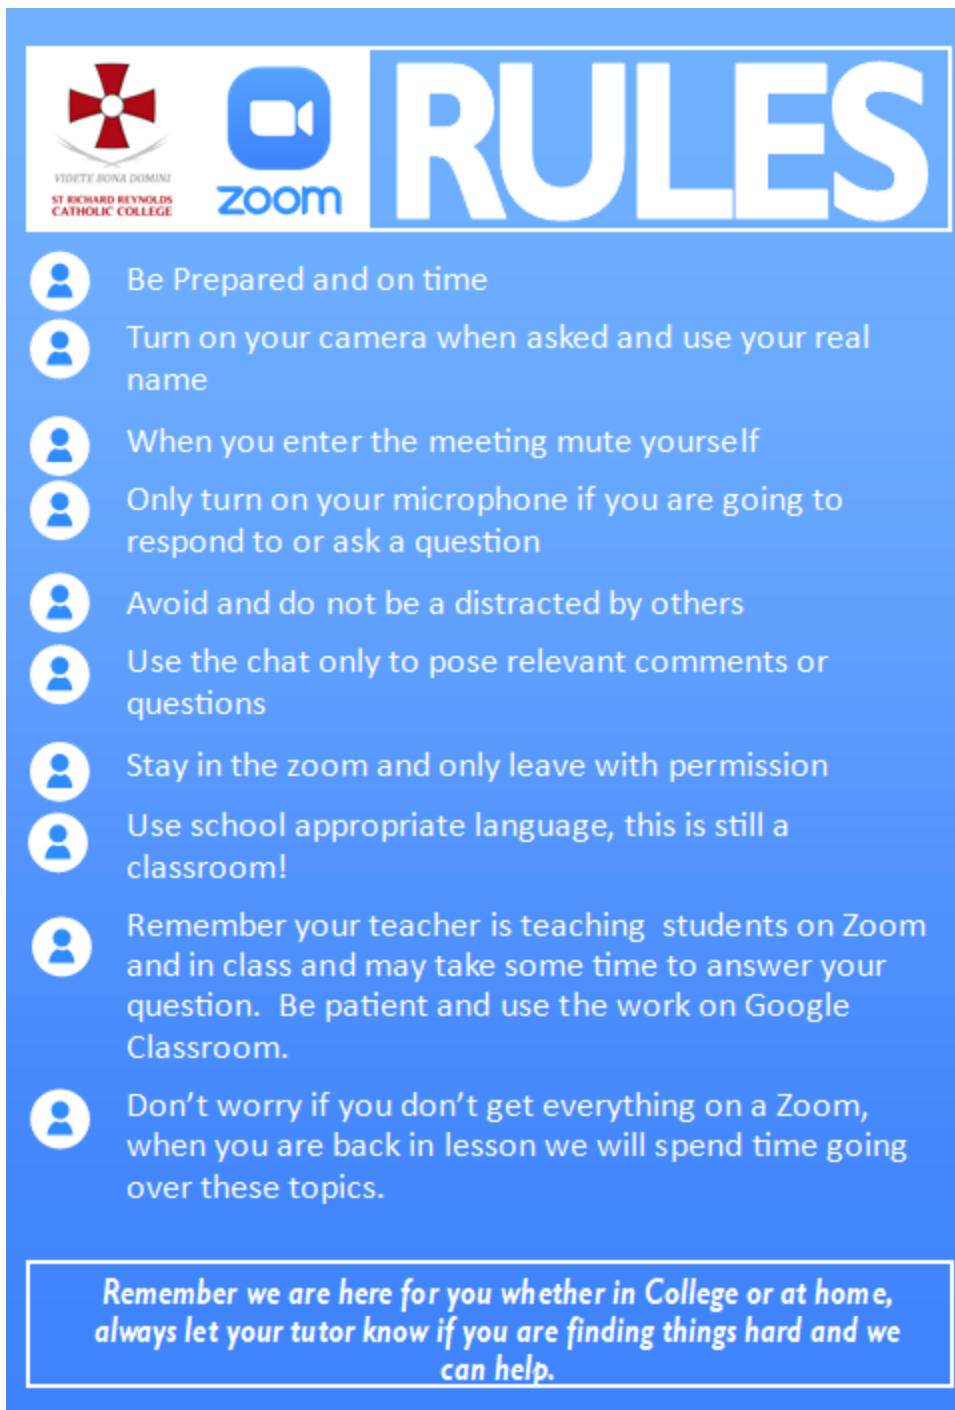

1. Appropriate clothing is worn
2. Backgrounds are neutral and no inappropriate or sensitive images of information can be seen or heard during lessons or meetings
3. Full participation is required
